Subject: Wonderful Experience

The young man that you have working for you was very friendly and made my first experience buying from your a very enjoyable one. The pecan cracking machines were a facination to watch. My mom is planning to bring my dad with her next year. Have a great Thanksgiving!

Subject: pecans

I would like to thank Wayne and Mark for the delicious and generous amount of cracked pecans. I haven't cooked anything with them yet, but I snack on them several times a day. Thank you Mark so much for sharing your amazing crop, those flavorful pecans. I enjoyed walking through the groves and sampling the finished product is a real treat.
